

William S. Hart Union High School District & Opportunity for Learning

Application for the 2012 Summer School Programs:

Please return this sheet to Kathy Bishop at Administrative Center by Friday, March 23, 2012.

The rate of pay for this year's summer school is \$34.00 per hour.

Please note that this is not an offer of employment, it is an application. Summer school teachers will be selected from applications received, once enrollment projections become firm. Teachers selected for summer school employment will be notified of their tentative selection by April 20 or earlier. Actual employment as a summer school teacher will occur for those classes that develop sufficient actual enrollment. Should attendance in a class decline below established minimums during the session, classes may be combined and the services of certain teachers may be terminated.

Summer School teachers will be paid by OFL and will have to also fill out an OFL application if selected. OFL does not pay into STRS. Paid sick leave is not offered to teachers during summer school. Summer school absences will not affect your Attendance Incentive Reward Program.
