

Enable Compatibility View for specific websites in Internet Explorer

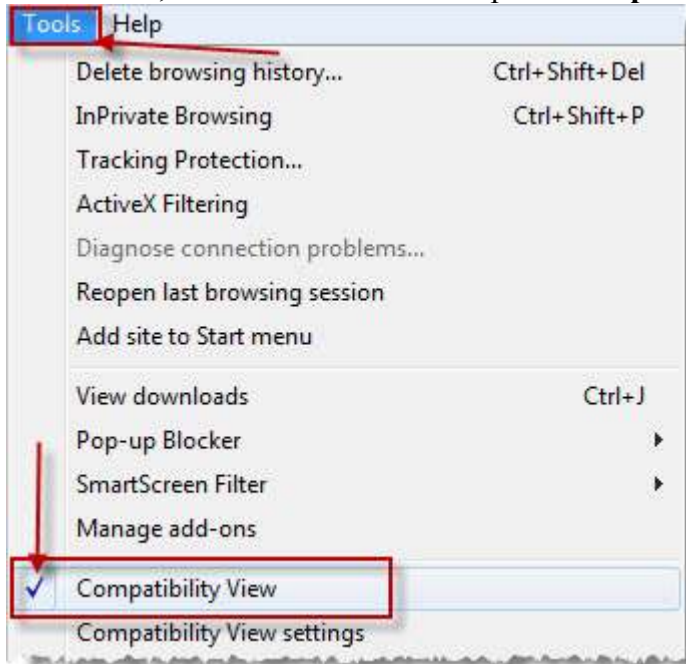

To enable Compatibility View for specific websites that are not displayed correctly or that are not working correctly, follow these steps:

1. Open the website that is not displayed correctly or that does not work correctly in Internet Explorer 8 or in Internet Explorer 9.
2. Click the **Compatibility View** button that is located directly to the right side of the address bar next to the **Refresh** button.

Or, on the **Tools** menu, click to select the option **Compatibility View**. If the **Tools** menu is not displayed, press ALT to display the **Tools** menu.

Click **Tools**, and then click to select option **Compatibility View**.
